## OBJECTIVE

---

**Experienced Software Engineer at Harbinger Group**, skilled in web development, seeking to contribute expertise to innovative projects within a collaborative team setting. Dedicated to delivering high-quality solutions and expanding skill set to meet organizational goals.

## EDUCATION

---

**Bachelor in Computer Engineering**, MMCOE,Pune Expected 2023  
Aggregate CGPA :- 8.8

**HSC**, Maharashtra board 2019  
Percentage:- 84.92

## SKILLS

---

<b>Technical Skills</b>	JavaScript,ReactJs,NextJs,Redux toolkit,React Query,Mongodb,NodeJs,Github GenAI
<b>Soft Skills</b>	Communication, Problem Solving, Collaboration
<b>Languages</b>	Marathi(Native),Hindi(Fluent),English(Fluent)

## WORK EXPERIENCE / INTERSHIP

---

**Software Developer** July 2023 - Present  
Harbinger Group *Hybrid*  
*Worked on different GenAI based projects under CoE team.Following are the projects:-*

- **iTranslation:-** Independently developed the entire frontend of the application within a record **one-month timeframe** using Next.js, contributing to **increased organizational revenue** through efficient project delivery and enhanced user experience.
- **iContent :- Single-handedly** developed and launched the MVP within a tight **1.5-month** timeline, overseeing the entire frontend development process. Responsibilities included frontend design, API integration, database management utilizing MongoDB, and implementation of secure authentication and authorization via JWT tokens.
- Contributed to diverse projects such as Scenario Bot and Knowledge Bot, while also managing **deployments for iTranslation, iContent, and Scenario Bot**.Adapted systems to meet client specifications through various updates and modifications.”

**Web Developer / Designer Intern** Feb 2022 - Nov 2022  
Aniworks,Pvt.Ltd *Remote*

- Enhanced organizational efficiency by designing and developing multiple landing pages, achieving a significant **increase in website speed by 80%**.
- Led complete UI design using Figma for the company’s product e-Patra, and implemented cutting-edge features utilizing JavaScript and React, amplifying user engagement and satisfaction.

## PROJECTS

---

**GenAI based Note taking App:-** [Live app](#) — [GitHub Repo](#)

- Developed a state-of-the-art AI note-taking application utilizing NextJS 13’s advanced App Router for seamless navigation.
- Integrated cutting-edge technologies including DALL-E AI Image Generation and OpenAI’s Language Model API to enhance user experience and functionality.

- Leveraged Shaden and Tailwind CSS for aesthetic design and optimized database interactions through ORMs for efficient data management.

### Quiz App:-

- Developed a Quiz application using the MERN stack (MongoDB, Express.js, React.js, and Node.js). The application allows users to create and take quizzes, with detailed results.
- Implemented protected routes using express middleware. Utilized MongoDB to store quiz and user data. Designed the front-end using React.js and implemented responsive design for optimal mobile experience.

Note:- You can check other projects also.([Check Here](#))

## CERTIFICATES

---

### PEP Silver, Harbinger group

Achieved Professional Excellence Certification from Harbinger Group which is held between JAN-MAR 2024.

### Full Stack Development with React and Node JS, GeekForGeeks

Completed a full stack development course with a focus on React and Node.js. Acquired a strong understanding of front-end development using React, including the ability to create reusable components, implement routing, and utilize hooks and context. Developed back-end applications using Node.js, including experience with Express, MongoDB.

### Javascript, Code for Cause

Completed a Javascript course from Code for Cause, where I gained a solid understanding of the fundamental concepts of the programming language, including data types, functions, and object-oriented programming.

## EXTRACURRICULAR ACTIVITIES

---

State level Volleyball player with a strong background in competitive team sports. Participated in multiple state level tournaments and represented my state in various inter-state competitions. Developed a strong sense of teamwork, leadership, and communication skills through my experience as a member of the state level team.
